Vikas Dhaka

Flutter Developer

+91 93554 90324 | vikasdhaka016@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Flutter Developer with 3+ years of experience building and maintaining production cross-platform mobile applications for Android and iOS using Flutter and Dart. Experienced in Bloc, Cubit, and GetX state management, REST API integration, Firebase and Firestore, and offline storage with Sqflite and Hive. Applies Clean Architecture, MVC, and the Repository Pattern; has embedded Flutter into a native Android app via FlutterFragment and shipped over-the-air (OTA) updates with Shorebird. Contributor to four apps published on Google Play and the Apple App Store.

TECHNICAL SKILLS

Mobile Development: Flutter, Dart, Android, iOS, Cross-Platform Development
Programming Languages and Web: Dart, C, C++, HTML, CSS, Bootstrap, Data Structures and Algorithms
State Management: Bloc, Cubit, GetX, Provider, setState
API Integration and Backend: REST APIs, Firebase, Firestore, Node.js, Express.js
Databases and Offline Storage: Sqflite (SQLite), Hive, Firestore, MongoDB
Architecture and Design Patterns: Clean Architecture, MVC, MVVM, Repository Pattern, Dependency Injection
DevOps and Development Tools: Git, GitHub, Bitbucket, CI/CD, Shorebird OTA, Android Studio, VS Code, Dart DevTools, Agile
Integrations: Razorpay, Firebase Push Notifications, OpenStreetMap, VLC Player

PROFESSIONAL EXPERIENCE

Flutter Developer Sep 2025 – Nov 2026
Vision IAS (Ajayvision Education Private Limited) | *Play Store* | *App Store* *Noida, Uttar Pradesh*

- Integrated a Flutter DCA module into the live native VisionIAS Android app using FlutterFragment.
- Built article notes, daily news summaries, and Economy Sprint features in the DCA module using REST APIs.
- Built the Vision Faculty App from scratch as the sole developer, for managing schedules, timetables, academic events, and handouts, using Bloc state management and MVC architecture.

Flutter Developer Oct 2023 – Aug 2025
Samriddhi Automations Pvt. Ltd. *Panipat, Haryana*

- Built a Video Management Software (VMS) mobile app from scratch as the sole developer, in Flutter, for live CCTV feeds, PTZ (pan-tilt-zoom) camera controls, and recorded event playback, using VLC Player for video streaming.
- Implemented low-bandwidth streaming support so live camera feeds remain viewable on constrained mobile networks.
- Built an HRMS application using Flutter and GetX with GPS-based attendance, leave management, salary tracking, work-from-home tracking, and task assignment, plus Sqflite offline storage and Firebase push notifications.

PROJECTS

Sparsh HRMS | *Flutter, GetX, Sqflite, Firebase* | Play Store | App Store

- Built the app from scratch as the sole developer, with GPS-based attendance, leave management, salary tracking, work-from-home, and task management.
- Implemented Sqflite offline storage and Firebase push notifications.

Dinelyte | *Flutter, Flutter Web, Bloc, Hive, REST APIs, Razorpay* | Play Store | App Store | Partner Web

- Developed restaurant discovery, map-based location selection, menu browsing, table selection, ordering, and order tracking features.
- Integrated Razorpay payments and implemented local cart and favorites management with Hive.
- Built the Dinelyte Partner web app for restaurant partners using Flutter Web.

EDUCATION

Panipat Institute of Engineering & Technology Aug 2019 – Jun 2023
B.Tech in Computer Science, CGPA: 8.5/10 Panipat, Haryana
